**2023**

Inspiring Chicago Communities  
Through Public Sculpture

**ADMISSION IS FREE**

# Welcome to the 22nd Annual Chicago Sculpture Exhibit

In 2001, the Lincoln Park Community Art Initiative was founded by former Alderman Vi Daley, and eight public sculptures were prominently displayed throughout Lincoln Park. With dedication, incredible artists, caring sponsors, and a passion to showcase public art in our neighborhoods, the program was transformed into Chicago Sculpture Exhibit (CSE). For the past

22 years, this program has pursued its mission to install large-scale sculptures in neighborhoods throughout the city. CSE is proud to say that we have 42 sculptures in this year's show, and we've installed a total of 600 sculptures to date!

In 2021, to celebrate our 20th Anniversary, we established the Richard J. Hunt Award, named in honor of Chicago native and world-renowned sculptor, Richard J. Hunt. With this award, CSE opens the door to artists who otherwise may not have the resources to produce large-scale public art. A panel of three local museum curators is chosen to jury submissions entered by emerging/mid-career artists. Due to the success of the inaugural award in 2021, CSE has pledged to continue to offer this opportunity to aspiring artists on a biennial basis.

I would like to thank our artists, sponsors, partners, contributors, neighborhood organizations, chambers of commerce, local businesses, individual residents, and cultural institutions whose assistance and support make CSE possible. Your dedication to improving our Chicago communities through public art is the heart of this program, and we greatly appreciate it.

CSE welcomes visitors and residents alike to discover the 42 sculptures sited outdoors throughout the neighborhoods of Chicago. These magnificent creations bring communities together and spark the imagination as we explore and marvel at the intersection of engineering and art.

Each year it is an honor to share this unique exhibit with Chicago, and we look forward to many more years of showcasing public art with you.

For anyone interested in learning more about the artists, a particular piece in the exhibit, or in purchasing one of the sculptures at the close of the show, we are happy to provide more information.

Please visit our website - [www.ChicagoSculptureExhibit.org](http://www.ChicagoSculptureExhibit.org) and our social media channels. Download the free Otocast app to learn more about the artists and their work.

AND last but not least, PLEASE consider making a donation to CSE and/or sponsoring a sculpture.

Pamela Cullerton,  
President of Chicago Sculpture Exhibit

## “Camiñantes”

**Location**

Manuel Perez Plaza, 4345 W. 26th St.

Artist Salvador Jiménez-Flores is the 2023 recipient of the CSE Richard Hunt Award.

Salvador's sculpture, Camiñantes, was selected for its relevance to Chicago, and is fittingly installed in the Little Village neighborhood. The sculpture represents the journey and the resilience of both our immigrant population and all those who identify as BIPOC.

This \$10,000 biennial grant provides funding to an emerging and/or mid-career sculptor. The winning sculpture is part of CSE's 2023 Exhibit.

CSE established this award in partnership with renowned sculptor, Richard Hunt, to help bring new perspectives and add diversity to the large-scale public art world.

**PLEASE CONSIDER DONATING TO  
THIS WORTHY AWARD!**

## In Memorium

### Dora Natella

The CSE community was saddened to learn of the sudden passing of one of our own; sculptor, artist, educator, and mother, Dora Natella. Her sculpture “Sentinel” was celebrated in our 2020 CSE Exhibit.

We honor her dedication and advocacy of art in public places. Her work is featured in public venues and private collections across the United States and around the world including Rome, Italy; Merida, Venezuela; Chicago, Grand Rapids, Cleveland, Salt Lake City, Indianapolis, and New York City.

Her art celebrates the human form but also makes a statement about motherhood, sexuality, feminism, and humanity. She left a legacy of beauty in art and sculpture that will move people for generations to come.
