FREE ADMISSION!

Welcome to the 24th Annual Chicago Sculpture Exhibit

In 2001, the Lincoln Park Community Art Initiative was founded by former Alderman Vi Daley, and eight public sculptures were prominently displayed throughout Lincoln Park. With dedication, incredible artists, caring sponsors, and a passion to showcase public art in our neighborhoods, the program was transformed into Chicago Sculpture Exhibit (CSE).

For the past 24 years, this program has pursued its mission to install large-scale sculptures in neighborhoods throughout the city. CSE is proud to say that we have 54 sculptures in this year's show, and we've installed more than 600 sculptures to date!

In 2021, to celebrate our 20th Anniversary, we established the Richard J. Hunt Award, named in honor of Chicago native and world-renowned sculptor, Richard J. Hunt. With this award, CSE opens the door to artists who otherwise may not have the resources to produce large-scale public art. A panel of three art-centric curators is chosen to jury submissions entered by emerging/mid-career artists. Due to the success of the inaugural award in 2021, CSE pledged to continue to offer this opportunity for aspiring artists on a biennial basis.

Following the death of Richard in December 2023, CSE is now in partnership with the Richard Hunt Legacy Foundation to ensure this Award's ongoing success and to keep alive the brilliance and artistry of Chicago's beloved sculptor, Richard Hunt.

I would like to thank our artists, sponsors, partners, contributors, neighborhood organizations, Chambers of Commerce, local businesses, individual residents, and cultural institutions whose assistance and support make CSE possible. Your dedication to improving our Chicago communities through public art is the heart of this program, and we greatly appreciate it.

CSE welcomes visitors and residents alike to discover the 54 sculptures sited outdoors throughout the neighborhoods of Chicago. These magnificent creations bring communities together and spark the imagination as we explore and marvel at the intersection of engineering and art.

Each year it is an honor to share this unique exhibit with Chicago, and we look forward to many more years of showcasing public art with you.

For anyone interested in learning more about the artists, a particular piece in the exhibit, or in purchasing one of the sculptures at the close of the show, we are happy to provide more information upon request.

Please visit our website at www.ChicagoSculptureExhibit.org and our social media channels. Download the free Otocast app to learn more about the artists and their work.

AND last but not least, PLEASE consider making a donation to CSE and/or sponsoring a sculpture.

Pamela Cullerton,
President of Chicago Sculpture Exhibit
